

Representing
Your Sport

www.ashmanmedia.co.uk

Hello.

If you are passionate about a sport, team or a club you are involved in, then why don't you highlight your success and promote your brand and accomplishments to gain new members.

By gaining video footage at events and training throughout the year you can easily demonstrate your passion and celebrate success at award ceremonies and parties.

Affordable...

- ▲ You may think that employing a videographer to do this for you is an expensive undertaking. The truth is, many of the events that you are entering I am involved with or filming anyway. I am filming in Leicestershire, Northamptonshire and Lincolnshire every week and other areas depending on the clubs I'm working with.
- ▲ 2019 sees Ashman Media teaming up with Mick Hall Photographic at the National Running Show to bring a package of film and stills to the running community.

By understanding your clubs plans we can help you gain the footage you need and help you create a regular stream of video for social media, promotional footage, training videos and year end celebrations.

How much does it cost?

There are a number of elements you need to allow for:

- ▲ As a club, budget for £150, this will give you a day's filming and will include the editing of a 10 minute film. This will give you footage and interviews with the participants and your team mates.
- ▲ With this type of footage in hand, we can create promotional reels, social media bites and award ceremony footage at any time in the future. Editing of this nature costs as little as £30 per item.
- ▲ You can see an example of our awards footage by clicking on the link on our 'Your Event Page'.

Speak to us!

Drop me a line or phone, it costs nothing to discuss your requirement

As you can see, creating great promotional footage is not expensive, make sure you check out our existing event films on this site.

Remember: We offer a full awards evening package including projector, screen, public address system and radio mics to show the footage. Ask for more details.

2019 is going to be a great year, make sure your club stands out from the rest!
