

Corporate
Golf Days

Hello.

The corporate world use golf events to promote relationships between clients, suppliers and industry contacts and are offered an array of exciting and fulfilling locations around the country by the golfing community.

At Ashman Media, we offer a package that compliments the day and extends the cycle of corporate communication.

Golf Day Package

PROMOTION

If you have the responsibility of organising a golf day for a trade association or large corporate, you'll realise that it takes more than just sending a few emails to get participants over the line. Ashman Media can help in creating promotional footage to help you advertise and create a competitive edge for your project.

THE GOLF DAY

Capture the day in High Definition 4K video. Record arrival, registration, practise, the first tee shot and much of the action on the course. We'll even create a film to be shown on the day before their evening meal. We'll even take the team shots at the start of the day and the award ceremony at the end!

POST EVENT

After the event, Ashman Media will produce a 10 minute professionally edited highlight video to be shared with the competitors and other potentials to show them what they missed. Social media clips are also available.

- ▲ Whatever your plans and ideas you have for your event, Ashman Media will work with you to enhance the quality of the day and give you something that no other golf day offers.
- ▲ Including in the price is everything you need, the cameraman, editor, producer, projector, screen and public address sound system.

How much does it cost?

Filming your event is so much more cost effective than you think....

- ▲ To film the event, edit a short film to be shown on the day, take team photographs and produce a professional 10 minute film after the event - **£350.00**
- ▲ For example to produce 5 x 1 minute social media clips to promote the event – we only charge - **£100.00**
- ▲ We can also use the time, in and around the event to interview your clients for testimonials and case studies, gain quotes and promotional footage – we can accommodate all of your ideas!

Speak to us!

The date is the most important thing
Call now to reserve the date!!

As you can see, creating great promotional footage is not expensive, make sure you check out our existing event films on this site.

www.ashmanmedia.co.uk

Great business is done on the golf course and around events like yours. Make the most of this annual opportunity.

Offer something different from the rest and let your organisation stand out from the crowd!
